Message From The CEO

I've often said -- "We Build Our Ego In Good Times... And Our Character In Bad."

If you believe this to be true, then it reasonably follows that the adverse effects of runaway production, labor strikes, and the vagaries of our economy..., have altogether had a very humbling effect on many people and companies within the Hollywood community.

New Stage Breaks Ground!

Occidental Studios

Expands On Historic Lot!

Nearly 100 years after the first stage was built on Occidental Boulevard, we have begun construction of a new 20,000 square foot, 45 feet high, state-of-the-art sound stage - inclusive of four floors of new offices totaling 6,000 square feet.

Our gated three acre secured lot will have four stages, parking for 275 cars and over 35,000 square feet of office space making it an ideal home for a network or television series with room to grow...

Control your own mini lot - shoot on our stages - or build exteriors to use as practical sets - and make Occidental your new production home!

Technological Services

Occidental Studios is pleased to offer a wide range of technical services!

SmartStage Real Time Virtual Reality

Occidental Technologies continues to make advances with its virtual reality studio - "The Smart Stage." In conjunction with Motion Analysis Studios, the Smart Stage technology will be able to offer motion capture technology within its virtual world, thereby creating an environment where live action characters can interact with animated creations. We're changing the paradigm of image capture and transforming our virtual stage into a cost effective solution for filmmakers to explore how 4K, 3D and motion capture can deliver more compelling and visually stimulating images, which will only enhance the story telling experience for the audience. This can all be done in real time, at a reasonable cost, on our new Smart Stage.

MEET the Record Plant

What do Lady Gaga, Beyonce, Kanye West, The Beatles, Jimi Hendrix, Madonna, Barbara Streisand, Michael Jackson, Christina Aguilera, Bruce Springsteen, the Black Eyed Peas and the Rolling Stones all have in common? **They have all recorded at Record Plant!**

Year after year...more hits and GRAMMY award winning music is made at Record Plant than at any other studio in the world!

With its rich history, Record Plant is featured in the new NARAS Grammy Museum alongside the greats of the music business. On top of that, their film credits include: **Mission Impossible 3, Hannah Montana 2, Hairspray, Sex In The City, Men In Black, South Park The Movie** to name a few.

In addition to its state-of-the-art studios, some amenities at the Record Plant are an indoor atrium, complete with a jacuzzi, billiards and coffee bar located in Hollywood at 1032 North Sycamore Avenue.
